

# INDIVIDUAL MEMBER APPLICATION FORM

EPS represents over 100 000 physicists in 39 countries in Europe. By joining the EPS as an Individual Member, you can have a direct voice in shaping European science policy. Moreover, with colleagues in your specific field of interest, Individual Members contribute to scientific excellence in physics. Individual Members also benefit from reduced conference fees at EPS conferences, receive Europhysics news and special prices for other physics journals.

more than ideas

# Application for Individual Membership

## 1 Personal details (please write in capital letters)

Title ..... Last Name .....

First name(s) ..... Name of institution .....

Date of birth ..... Nationality .....

Full address (please indicate home or professional) .....

.....

Postcode ..... Country .....

Office phone ..... Home phone .....

Fax ..... Email .....

## 2 Professional details

Institution .....

Current position .....

## 3 Type of membership

Are you a member of one of the societies listed on the back page?

If you are a member of one of the **national member societies** or **collaborating societies** listed on the back page,

tick *yes* below and pass to section 4. Otherwise, tick *no* and pass to section 5.

Yes

No

4 Which society are you a member of? .....

## 5 Address for correspondence (if different from address given in section 1)

Address .....

.....

Postcode ..... Country .....

**6 EPS Directory**

The EPS has an electronic directory. Would you like to be listed?

Yes                       No (if yes please indicate below which information you would like to appear)

Office Phone       Fax       Email       Postal Address       Name of Institution

**7 Payment details**

Please tick the appropriate box:

- I am a student enrolled in a physics course (send a copy of your student I.D. card)      annual membership fee € 14.70
- I am a pre-university teacher (send a certificate signed by the head of your establishment)      annual membership fee € 14.70
- I am a member of a **national member society**      annual membership fee € 19.60
- I am a member of a **collaborating society**      annual membership fee € 39.20
- I am not a member of a **national member society** or a **collaborating society**      annual membership fee € 58.80

Please choose your preferred method of payment (tick the appropriate box)

- Upon receipt of an invoice
- By cheque payable to European Physical Society (please add 7 € for handling charges)
- By Eurocard/Mastercard or Visa credit card (please complete your card details below)
- Eurocard/Mastercard charge authorisation       Visa credit card charge authorisation

I authorise the EPS to charge my account in the amount of ..... € (enter an amount)

Card number       Expiry date: (mm/yy) ..... / .....

Cardholder's name (please print): .....

Name .....

Address .....

.....

Signature	Date and place
-----------	----------------

## Please tick the following Divisions, Sections and Interdivisional Groups which you wish to join

### Divisions & Sections

---

- Astrophysics
  - Gravitational Physics
  - Solar Physics
- Atomic & Molecular Physics
  - Atomic Spectroscopy (EGAS)
  - Chemical and Molecular Physics
  - Electronic & Atomic Collisions
- Condensed Matter
  - Electronic & Optical Properties of Solids
  - Liquids
  - Low Temperature Physics
  - Macromolecular Physics
  - Magnetism
  - Semiconductors & Insulators
  - Structural & Dynamical Properties of Solids
  - Surfaces & Interfaces
- Education
  - Pre-university
  - University
- Environmental Physics
- High Energy & Particle Physics
- Nuclear Physics
- Physics in Life Sciences
- Plasma Physics
  - Beam Plasma and Inertial Fusion
  - Dusty & Colloidal Plasmas
- Quantum Electronics & Optics
- Statistical and Non-Linear Physics

### Interdivisional Groups

---

- Accelerators
- Computational Physics
- Experimental Physics Control Systems
- History of Physics
- Physics for Development
- Technology Group

### National Member Societies

---

- Albanian Physical Society **Albania**
- Armenian Physical Society **Armenia**
- Austrian Physical Society **Austria**
- Belarusian Physical Society **Belarus**
- Belgian Physical Society **Belgium**
- Union of Physicists in Bulgaria **Bulgaria**
- Croatian Physical Society **Croatia**
- Czech Physical Society **Czech Republic**
- Danish Physical Society **Denmark**
- Estonian Physical Society **Estonia**
- Finnish Physical Society **Finland**
- French Physical Society **France**
- Georgian Physical Society **Georgia**
- German Physical Society **Germany**
- Hellenic Physical Society **Greece**
- Eötvös Lorand Physical Society **Hungary**
- Icelandic Physical Society **Iceland**
- Royal Irish Academy **Ireland**
- Israel Physical Society **Israel**
- Italian Physical Society **Italy**
- Latvian Physical Society **Latvia**
- Lithuanian Physical Society **Lithuania**
- Society of Physicists of Macedonia **Macedonia**
- Moldovan Physical Society **Moldova**
- Netherlands Physical Society **The Netherlands**
- Norwegian Physical Society **Norway**
- Polish Physical Society **Poland**
- Portuguese Physical Society **Portugal**
- Romanian Physical Society **Romania**
- United Physical Society of the Russian Federation **Russian Federation**
- Physical Society of Serbia and Montenegro **Serbia and Montenegro**
- Slovak Physical Society **Slovakia**
- Society of Mathematicians, Physicists and Astronomers of Slovenia **Slovenia**
- Spanish Royal Society of Physics **Spain**
- Swedish Physical Society **Sweden**
- Swiss Physical Society **Switzerland**
- Turkish Physical Society **Turkey**
- Ukrainian Physical Society **Ukraine**
- The Institute of Physics **United Kingdom**

### Collaborating Societies

---

#### Europe

- European Optical Society
- Société Française des Spécialistes d'Astronomie
- Société Française d'Optique
- Società Astronomica Italiana
- Astronomische Gesellschaft
- Deutsche Bunsen-Gesellschaft für Physikalische Chemie
- Deutsche Gesellschaft für Angewandte Optik
- International Society for Theoretical Chemical Physics
- Nederlandse Astronomenclub

- The Division for Applied Physics of the Royal Institution of Engineers
- Sociedad Española de Optica
- Société Suisse d'Optique et de Microscopie Electronique

#### World Wide

- American Physical Society
- Australian Institute of Physics
- Canadian Association of Physicists
- Japan Society of Applied Physics
- Physical Society of Japan
